Equal Opportunities Policy Statement (Customers)

As an equal opportunities organisation, Sawtry Parish Council is fully committed to establishing and maintaining working practices in which the treatment of customers is based on equality. We will ensure that no customer treated less favourably on the grounds of Sex, Marital Status, Race, Nationality, Ethnic Origin, Age, Class, Sexual Orientation, Colour or Disability or any other grounds which cannot be justified.

Sawtry Parish Council will ensure that decisions will be made recognising the above criteria.

We will monitor the implementation of the policy via a programme of action which will be regularly reviewed and updated.

Overall responsibility for the application of the policy rests with the Clerk. However, all employees of Sawtry Parish Council have a personal responsibility under the policy, in particular all managers and supervisors.
